

DISABILITY CONFIDENT

LET'S GET THE BEST FROM EACH OTHER

MOBILITY

You can stay standing to talk to me: there's no need to bend down. If we have a long conversation, let's both of us sit down.

Don't try and move my wheelchair, unless I ask you to. Ever.

If we go out for a meeting or drinks, keep in mind that I might not be able to take the same route or transport as you.

When you are setting up a meeting, make sure that the set-up is accessible for me and that there is enough room for me to enter and turn.

Don't use the accessible bathrooms if you don't need to.

If you see me heading towards you in my wheelchair, don't panic or jump out of my way. I don't need that much room to pass you!

Keep in mind to stay on the outside of the sidewalk/roadside so that I can move along the inside, where it is safer.
