

# Investment in UK Maritime: Supporting the Zero-Carbon Future

## Agenda

**16:00 – 16:05** | Welcome address: *Peter Scott, Global Managing Partner, Norton Rose Fulbright*

**16:05 – 16:20** | Keynote address: *Dr Rannia Leontaridi OBE, Director General for Aviation, Maritime and Security, Department for Transport*

**16:20 – 16:35** | An owners' perspective: How shipping companies are adapting to, and meeting the challenges and opportunities, of a zero-carbon future.

*Speaker: Richard Beyer, Executive Vice President and Chief Operating Officer, NYK Group Europe Limited*

**16:35 – 17:10** | Panel discussion: Financing shipping in a zero-carbon future

This session will explore what a zero-carbon future looks like for the shipping industry, how it will adapt, and the financial implications. Topics to be addressed include:

- The future of shipping in a zero-carbon landscape;
- Adaptation strategies for the shipping industry;
- Sources of funding to achieve zero-carbon shipping; and
- Why the UK is an attractive investment hub for shipping companies.

*Speakers:*

*Harry Theochari OBE, Senior Consultant, Norton Rose Fulbright and Chair, Maritime London*

*Dr Ioannis Moutzouris, Bayes Business School, City St George's, University of London*

*Lisa Dölling, Director Shipping Finance, ING Bank*

*Alex Ryland, Head of Ocean Industries, DNB Bank ASA, London Branch*

*Axel Kalinowski, Head of Central and Southern Europe, London Stock Exchange*

**17:10 – 17:25** | Investment solutions: The vital role of the maritime professional business services.

*Speaker: JB Rae-Smith, President, UK Chamber of Shipping*

**17:25 – 18:20** | Panel discussion: Shipping in a zero-carbon future, investment opportunities outlook and UK support.

Building on from the first panel discussion, this session will further examine the investment opportunities and showcase how companies have accessed this support to succeed globally. It will also highlight the pivotal role of maritime professional business services in shaping the UK investment landscape. Topics to be addressed include:

- How private market investment can assist UK maritime activities;
- The role of export credit in relation to UK maritime companies;
- The evolution of the UK's shipbuilding capabilities;
- The role of the UK marine insurance industry;
- Accessibility of various programs and funding opportunities to enable growth in the sector; and
- Case studies: How owners have utilised opportunities and managed challenges to succeed.

*Speakers:*

*Joe Shephard, Head of Defence, Shipping & Space, UK Export Finance*

*Commodore Jonathan Carrigan, Deputy Director, National Shipbuilding Office*

*Nick Gilman, Chief Financial Officer, Bibby Marine*

*Mike Salthouse, Head of External Affairs, NorthStandard*

*Robert Wester, Chief Executive Officer, Carisbrooke Shipping Limited*

*Andrew Williams, Partner, Norton Rose Fulbright*

**18:20 – 22:00** | Networking reception.
