Full mining lifecycle support

Early phase

- Structuring (corporate and tax) and M&A
- Project approvals: mining tenements, land access and environmental authorities
- Native title and Aboriginal cultural heritage considerations
- Access to rail and port infrastructure

Exit

- Divestment
- Project care and maintenance or closure
- Mine site rehabilitation
- Project vehicle winding up and deregistration

Development

- Project financing
- Mine site and infrastructure construction
- Employment
- Procurement, services and supply agreements

Operations and production

- Safety and environmental management and incident response
- Product offtake arrangements
- Dispute resolution
- Royalties, reporting and other ongoing compliance matters
